

# Prevent slips and falls

Play your part and keep the workplace tidy. If you see a spillage, clean it up or arrange for it to be cleaned promptly.

Wear suitable closed footwear with slip resistant soles at all times.

Never rush around the workplace. Be aware of your surroundings, especially when carrying large objects which obstruct your view. Distraction can lead to accidents.

Always wear PPE, including safety goggles, a protective hat and hearing protection.

Safety and warning signs must be clearly visible. Pay attention to signs and report if you notice any are damaged or missing.

Report any accident or near miss to your employer as well as any damaged floors or mats.
